

Living Local worksheet

City Life and Sustainability

Name _____

1. What sustainable and environmentally friendly practices can you identify in the mural's urban scene (recycling, green roofs, solar panels, etc.)?

2. Does your closest, local city have any of these practices?

3. What obstacles do cities face in trying to be sustainable and environmentally friendly?

4. What other ways can cities and towns be more efficient and sustainable?

5. What do you notice is missing in the urban scene (hint: think about transportation)? What impact does this have?

6. What advantages do cities have compared to the suburbs related to sustainability?

Living Local worksheet

City Life and Sustainability

Name_____

7. Where do you prefer to live (city, suburb, country)? Why?
