Winnie the Pooh Playset

For the characters:

Cut out the characters. Do not cut along the dotted lines; this is where you will make the folds. Fold the inner two dotted lines away from you to create the base. Then pinch down on either side of the outer folds and crease. Using glue or double-sided tape, secure the front and back of each character.

For the backdrop:

Cut out the whole image, then cut across the white diagonal lines. Fold along the green dotted lines and the brown dotted lines to create a contour, then glue or tape the “A” tabs to the bottom of the backdrop to secure the shape.
