**The Practical Child Pedestrian  
Safety Training Scheme - Stage 1**

**STEP OUT WITH  
SKOOTER & HATTIE**

**Workbook 1**

**Pupil Name:**

# Welcome...

...to the 'Step Out with Skooter & Hattie', Stage 1 workbook. This is part of the Practical Child Pedestrian Safety Training Scheme - there are workbooks for Stage 1, 2, and 3.

Before you commence the teaching plan for this stage, allow the children to complete the first Road Safety Quiz (1a). Then, as you work through the lessons, get them to try the activities and colour in the worksheets associated with the topics. To help with the learning process, the class will participate in a road safety walk.

To complete the Stage, allow the children to complete the second Road Safety Quiz (1b) at the back of the booklet. This will allow you to measure their knowledge and understanding of the road safety issues, both 'before and after.'

**Always remember  
STOP-LOOK-LISTEN**

When you are out with a grown-up, what do you need to remember to stay safe near roads?

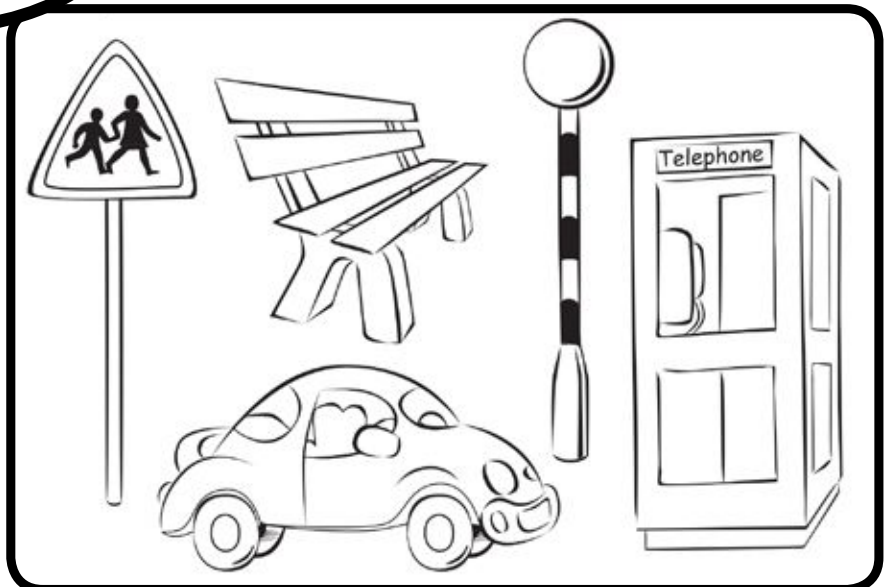

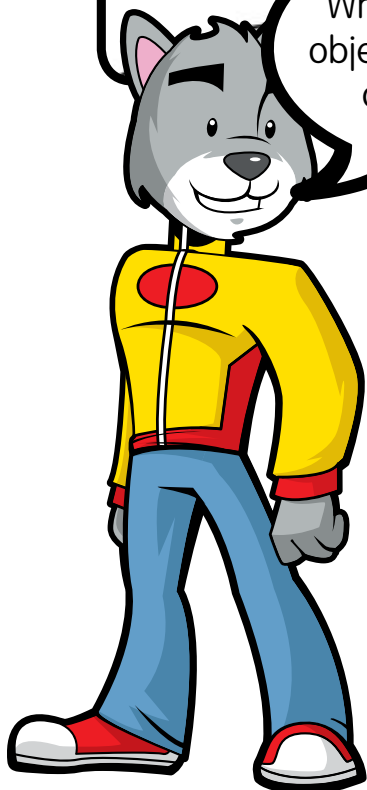

- A - To play with older children.
- B - To come home when it is dark.
- C - To hold hands with a grown-up.

# Pedestrians

Pedestrians walk on the footpath to keep safe away from the road.  
You should hold hands and walk as far away from the kerb as possible.

Which one of these  
objects should not be  
on a footpath?

# Always hold hands

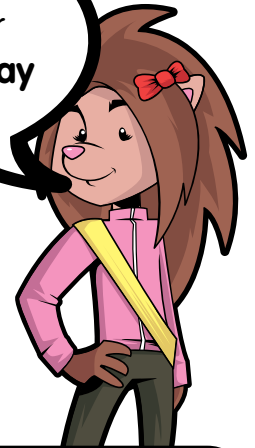

Roads are dangerous. You should be with a grown-up like mum or dad or someone else you know. Always hold hands, or hold onto the buggy or shopping bag.

# Traffic

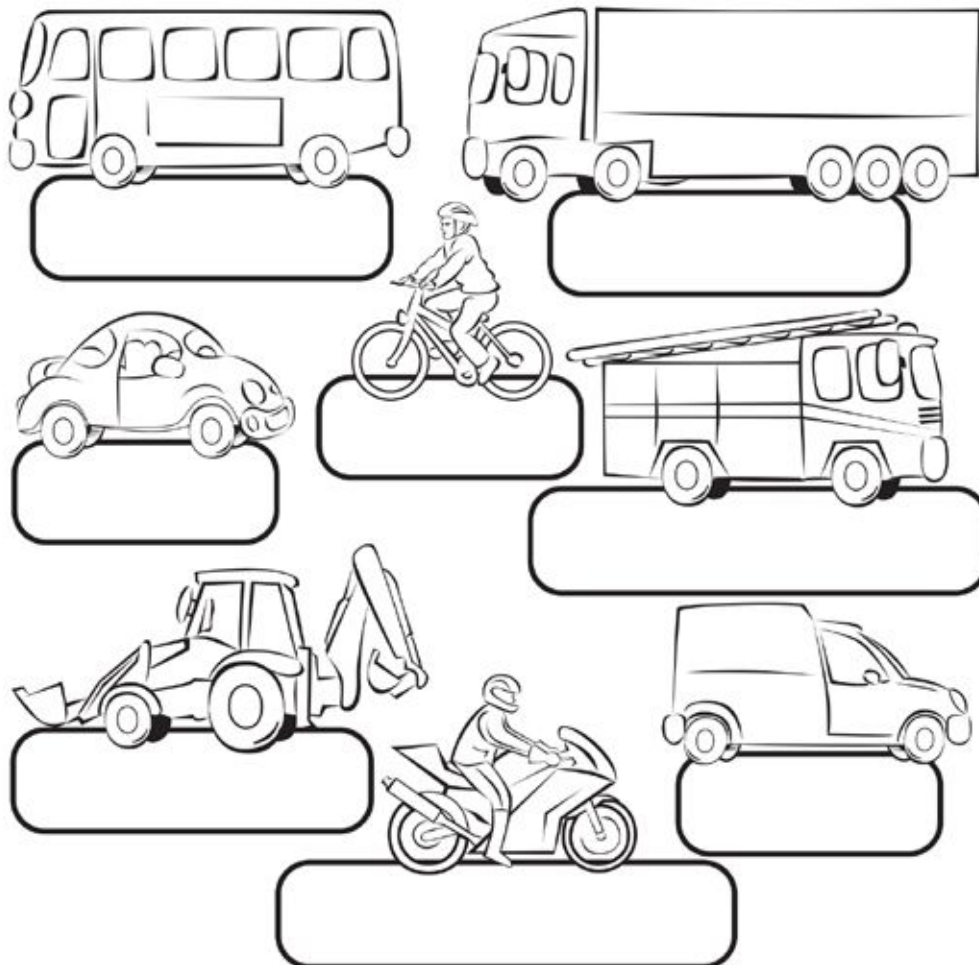

You can see lots of different vehicles using the road. This is called traffic. Use the word bank to name each vehicle.

Colour the picture and remember **always play away from traffic.**

Count how many vehicles are in the picture.

# How to use a Zebra Crossing

- Zebra crossings have black and white stripes, just like a zebra.
- **STOP** at the crossing, behind the kerb.
- **LOOK** and **LISTEN** for traffic. Traffic should stop if drivers see you waiting to cross.
- **WAIT** on the pavement until all the traffic has stopped.
- When it is safe to do so, walk straight across the crossing.
- Make sure you keep **LOOKING** and **LISTENING** for traffic as you cross.

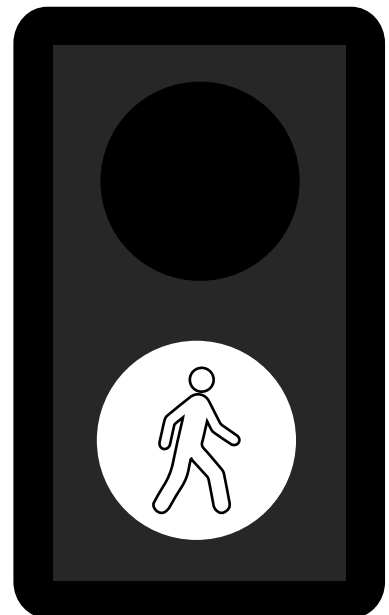

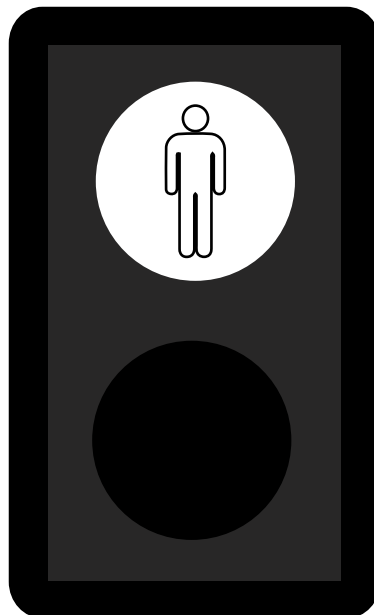

# How to use a Pelican Crossing

- **STOP** at the crossing.
- Press the button and **WAIT**.
- When the Green Man lights, **LOOK** and **LISTEN** to make sure all traffic has stopped.
- Then walk straight across the road, **LOOKING** and **LISTENING** as you cross.

Remember to press the button and **WAIT**.

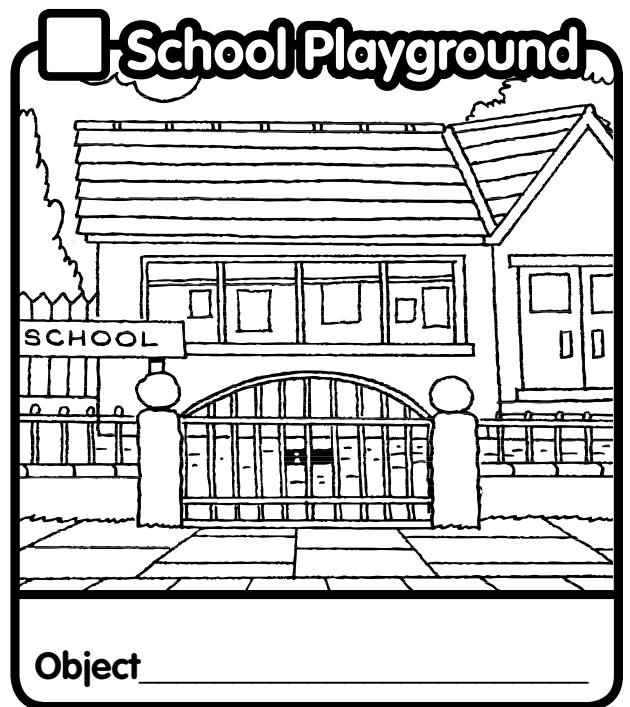

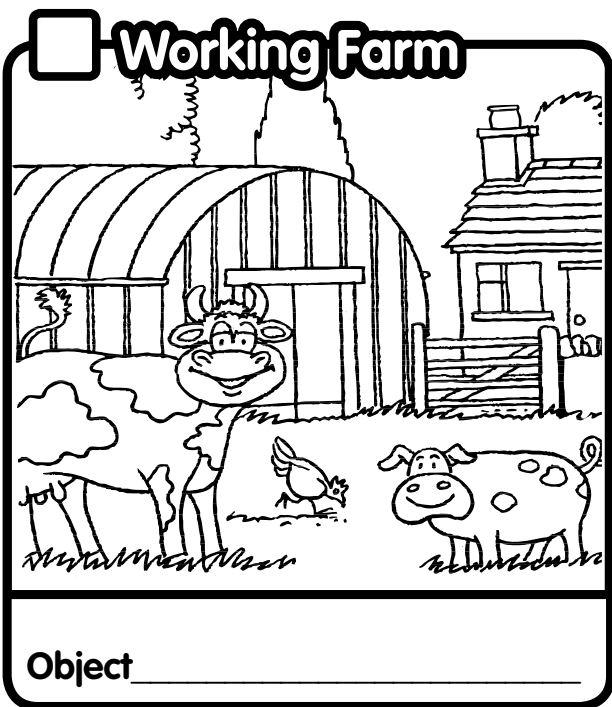

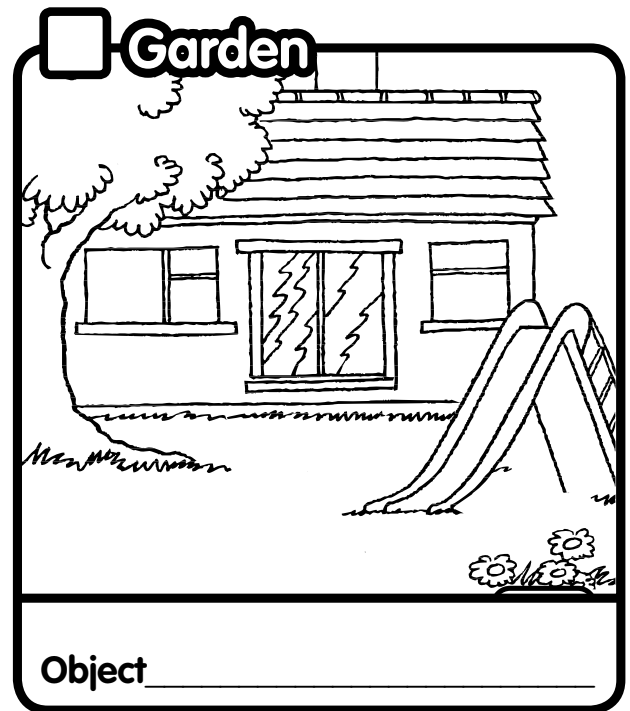

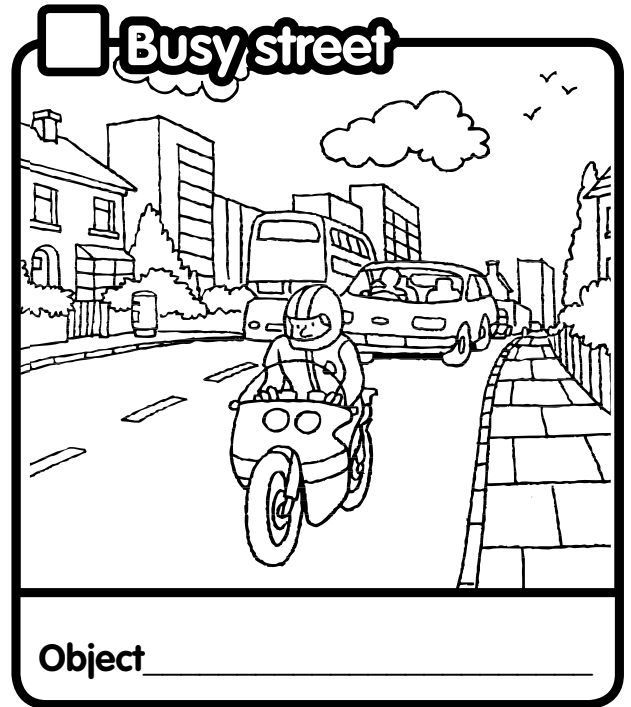

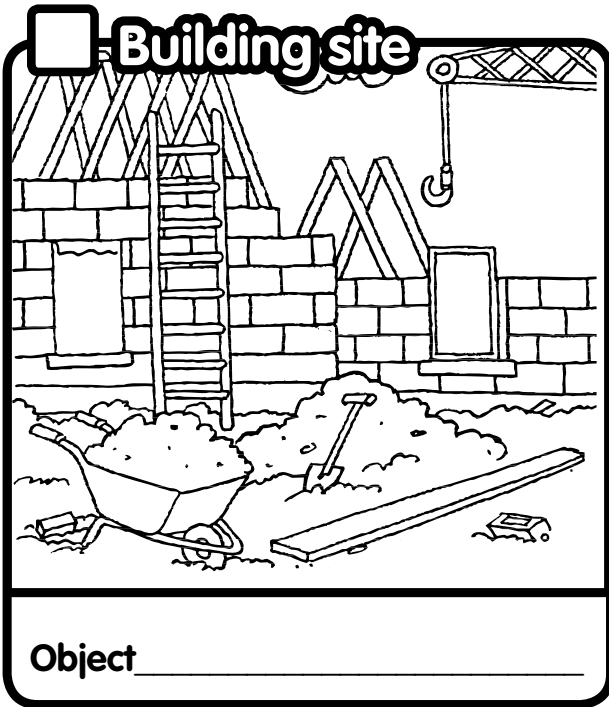

Colour the lights. Do you know which is Red and which is Green?

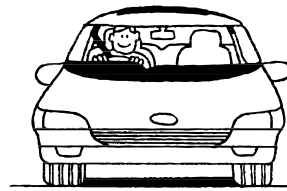

# Find the safer places to play

Tick the 3 safer places to play then write the correct object for each place. Don't forget to colour all the pictures.

Your school is being offered the opportunity to take part in a Practical Child Pedestrian Safety Training Scheme. The aim of this scheme is to develop children's awareness and understanding of their road environment.

The scheme is organised by Department for Infrastructure (DfI) Road Safety along with teachers in your child's school. Your child will take part in a supervised pedestrian walk, on a pre-planned route near your school. Supervision will be in accordance with Education Authority guidelines and children will have opportunities to develop their pedestrian skills e.g. be learning about observing dangers and crossing roads safely.

Your written permission is required before your child can take part in the pedestrian walk. Please complete and return the attached section to the class teacher as soon as possible.
