Listeriosis
Norwalk-like virus

Microorganism
Foodborne Illness

Contamination
Incubation Period

Pathogenic
CDC

- _____ The abbreviation for the government agency that is concerned with the cause, spread and control of diseases.
- _____ Disease causing.
- _____ The time from when a person consumes contaminated food until they develop symptoms of illness.
- _____ Disease that is caused by pathogenic microorganisms in food.
- _____ A disease that can result in miscarriages and still birth.
- _____ A very small life form that cannot be seen without the use of a microscope.
- _____ A small virus that can cause diarrhea, nausea, and vomiting.
- _____ The present of pathogenic microorganisms or harmful substances in food.
