Online converter

A list with our encryption tools to create hashes from your sensitive data like passwords. You can also upload a file to create a checksum or provide a shared HMAC key.

Adler32 online generator

Create your Adler32 hash or calculate a checksum of your file with this free online converter. [Read more...](#)

Encrypt and hash your data using the Blowfish encryption algorithm with this free online tool. [Read more...](#)

CRC-32 online checksum calculator

Create a CRC-32 checksum of an uploaded file with this free online hash calculator. [Read more...](#)

Calculate CRC-32B checksums online

Calculate the CRC-32B checksum with this free online checksum tool. [Read more...](#)

Create a GOST hash online

Create a GOST hash from your data with this free online encryption tool. [Read more...](#)

Encrypt data with the Haval-128 hash algorithm

Generate a Haval-128 hash with this free online hash generator. Additionally upload a file to create a Haval-128 checksum. [Read more...](#)

Generate a .htpasswd password for Apache

Calculate your passwords for Apache's .htpasswd file with this free online encryption tool. [Read more...](#)

Online MD4 generator

Create a MD4 hash with this free online encryption tool. [Read more...](#)

MD5 Hash generator

Encrypt your data like passwords and files with this free online MD5 hash generator. [Read more...](#)

Generate RIPEMD 128 Bit hash

Generate a RIPEMD-128 hash with this free online converter. Optionally upload a file to create a checksum or provide a shared key for the HMAC variant. [Read more...](#)

Calculate a RIPEMD-160 hash

Encrypt your data with this free online RIPEMD-160 hash converter. Optionally upload a file to create a RIPEMD-160 checksum or provide a HMAC shared key. [Read more...](#)

Generate a SHA-1 hash

Generate a SHA-1 hash from your sensitive data like passwords with this free online SHA-1 hash generator. Optionally create a SHA-1 checksum of your files. [Read more...](#)

Calculate a SHA hash with 256 bits

Calculate a SHA-256 hash with this free online converter. Additionally create a checksum of your file. [Read more...](#)

Generate a SHA hash with 384 Bits

Generate a SHA hash with 384 Bits with this free online hash generator. Optionally upload a file to calculate a SHA-384 checksum. [Read more...](#)

Generate a SHA hash with 512 Bits

Generate a SHA-512 hash from your data or upload a file to create a SHA-512 checksum with this free online converter. [Read more...](#)

Calculate a Snefru hash

Encrypt your data with the Snefru hash algorithm. Optionally upload a file to create a Snefru checksum. [Read more...](#)

Tiger hash calculator using 128 Bit

Create a Tiger hash with 128 Bit using this free online hash converter. [Read more...](#)

Tiger 160 Bit hash calculator

Create a Tiger hash with 160 Bit to protect your data with this free online converter. [Read more...](#)

Generate a Tiger hash with 192 Bits

Encrypt your sensitive data like passwords with this free online converter using the Tiger hashing algorithm with 192 Bits. [Read more...](#)

Whirlpool online hash generator

Generate a Whirlpool hash with this free online hash calculator. Optionally create the Whirlpool checksum of a file you can upload. [Read more...](#)
